

Dear Mr. Miller

9/20/14

I recently attended the KT-SEQRA Scoping Meeting. To get to the point, I have a couple of questions to be answered.

1. A more detailed map which includes the street names of the land to be in the annexation.

2. Some of the wording during the meeting needs to be broken down into plain English.

Example: Planning for a worst case scenario. What is that?

3. Is the land being purchased by KT or is it going to be given to them.

4. How will the residence of Monroe and Harrison be affected when it comes to taxes.

Thank you Tim that is all for now.

Sincerely,
Tony Anacchiano
