Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either “Yes” or “No”. If the answer to the initial question is “Yes”, complete the sub-questions that follow. If the answer to the initial question is “No”, proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Sponsor Information.

Name of Action or Project: Proposed Annexation of 164 Acres of Land from the Town of Monroe to the Village of Kiryas Joel		
Project Location (describe, and attach a general location map): Lands to be annexed are located in the Town of Monroe and directly about the Village of Kiryas Joel as more particularly described in the attached maps.		
Brief Description of Proposed Action (include purpose or need): The proposed action involves the review and determination under the Municipal Annexation Law of a petition by 24 private property owner petitioners to annex approximately 164 acres of territory comprised of 71 tax lots from the Town to the Village. The territory proposed to be annexed to the Village is located in the Town and abuts the Village. The Village, likewise, is located entirely within the Town. A number of the properties proposed to be annexed are surrounded by lands previously included into the Village and are not contiguous to any other lands within the Town of Monroe. Other properties proposed to be annexed are surrounded on two or three sides by lands already within the Village. Some of the properties proposed to be annexed previously received preliminary or final subdivision approval from the Town of Monroe. No new or additional development is proposed as part of the proposed action. The annexation is proposed because the Village of Kiryas Joel is better able to provide community services to the properties proposed to be annexed than the Town of Monroe, including but not limited to police and fire protection services, etc. The proposed annexation does not: (1) include any proposed development plan or plans; (2) involve any physical site disturbance; and (3) include any proposed modification to existing approvals for subdivision or land development previously issued by agencies of the Town of Monroe.
