Dear Government officials, years.

In behare the annexation to the
village of Kiryas Joel, please consider
my note which I'm writing now.

There are a lot of population growing
in the entice orange county and
New York State residential and commercial
like housing Appartments in Tuxedo, wood-
bury, monroe, and commercial- like the
Woodbury common, Wallmart, Target, Home
Depot in monroe, middletown, chester,
and more... No need was asked, no one
was complaining about: traffic, polution,
water,... and so on... Because everyone
wanted to make it work to serve their
needs.

So now please do the same to
make happy the people in our comunity
which they need and desecte. And
please vote **YES** for the annexation!

Thank you so much,
Should god bless you all!
